

When it comes to thin film lamination, Grovetree has one of the best production capacities in the country -- featuring four high speed 40" lines, including two with perfectors!

Grovetree can offer you the fast turnaround times your customers demand -- on all of your 1 or 2-sided OPP, thin polyester and nylon jobs. We can handle your sheet sizes from 9" x 12" up to 30" x 40", and thicknesses to over 24 point.
